

Slice *of* Life

Congratulations on your Acceptance!

We are thrilled to have you joining our VCU School of Education RAMily!

Stay Supported

The School of Education's **Student Support Services** provides support, including academic advising, graduation assistance, undergraduate workshops and other general support for student life.

Make it REAL

Here at the VCU School of Education, we have your success in mind. Throughout your program, you will have opportunities to engage with volunteer and paid experiences across VCU and in the community. Hands-on experience is integrated throughout our entire curriculum. We don't just teach you how to be an educator, we help you immerse yourself to be a resource for your communities.

Get Connected

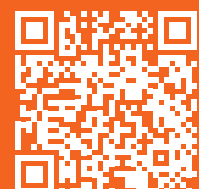

In addition to getting involved with the many student organizations at VCU, we hope you also join the **Student Virginia Education Association** (SVEA). SVEA is a professional pre-service teacher organization that provides opportunities for college students to explore education as a profession.

We hope you share your excitement on [Instagram](#), [Facebook](#) and [Twitter](#)!

Access this PDF along with other current student resources by visiting our [accepted student page](#):
