

# CISTEME | Center for Innovation in STEM Education

## About Us

### Mission

To ignite student curiosity by engaging with concepts and ideas that lead to solving current and future problems in STEM. (Science, Technology, Engineering and Mathematics).

### Vision

To reach the missing millions by empowering students, particularly those from underrepresented populations to engage in high impact transdisciplinary STEM learning experiences.

### Action

- Construct a vibrant STEM learning ecosystem
- Build a statewide Chief Science Officers Program
- Build capacity, knowledge and skills through innovative strategies
- Cultivate teachers' skills through effective models and strategies

## Programs

- Chief Science Officer (CSO) Program
- 2024 Metro Richmond Science and Engineering Fair
- Central Virginia STEM Ecosystem
